Food Basket Guidelines & Shopping List

Double-bag your groceries

A food basket will need 6-8 double-bagged paper or cloth sacks. Please double-bag your paper sacks or they are likely to rip!

Identify your food basket bags

Mark your food basket bags distinctly from others by stapling a bright piece of wrapping paper or attaching a ribbon to each bag in your set.

Check off each item below as you add it to your basket

Staple the list to one of your sacks.
